

Thomas GOLDWORTH alias PORTER (1616 - 1664) looks to have been the son of Thomas GOLDWORTH alias PORTER (1584 - 1631 M. L.), Gentleman of Bumpay who married Jean CHAMBERS in 1608. Thomas, in turn, was possibly the son of John GOLDWORTH alias PORTER of Thurton and Mary NOBLES who married in 1583. Earlier ancestors are likely to have been Richard GOLDWORTH and Thomas GOLDWORTH of Thurton

*** Robert Aldis (1796 - 1832) was the son of James Aldis, Schoolmaster of Stratton and his first wife Hannah Dix. James took over the school established by his father Edward. The detail of this pedigree can be seen in 'Edward Aldis, Schoolmaster, and Aldis of Long Stratton' a monograph by George Aldis, copies of which have been donated to Norfolk Libraries
